January 13, 2010

GERRITYSTONE NAMED BOSTON HOME MAGAZINE'S 2010 BEST KITCHEN & BATH COUNTERTOPS

GerrityStone, New England's premier interior stonework specialist, is pleased to be recognized for "Best Kitchen & Bath Countertops" by the 2010 *Best of Boston Home* Awards.

Boston Home, the sister publication of the venerable *Boston Magazine*, sought the opinion of over 100 industry building and design experts for their input in selecting what is one of the most highly anticipated honors in the region. *Boston Home* noted about GerrityStone, "Gerrity has good relationships with their clients. That's why they're the best," declares one professional. "Unlike other suppliers, which merely show you a sample of the stone you can purchase, Gerrity has a huge warehouse filled with actual slabs (a critical factor, since no two pieces of granite or marble are alike). After choosing the stone you want – and working with Gerrity to lay out the pieces – you're all but guaranteed precisely the look you're after. For a truly one-of-a-kind countertop, Gerrity carries a collection of rare stones from around the world."

"We are pleased to be honored by *Boston Home* with their 'best of' award," states Tracy Streckenbach, CEO of GerrityStone. "We credit this recognition to our exceptional team of hard working employees who strive to give to each and every customer the best customer experience possible. This desire to delight our customers, coupled with our team's depth of knowledge, and GerrityStone's extensive inventory and competitive pricing positions us well to serve builders, designers, architects, dealers, and homeowners with equal care and a consistently amazing outcome. We'd like to graciously thank our peers for recognizing the hard work done each day by the GerrityStone team."

GerrityStone specializes in custom stone fabrication and installation for kitchens, bathrooms, fireplaces, and outdoor living spaces. Achieving the industry's highest customer satisfaction ratings and offering the widest selection of directly sourced materials are the cornerstones of the company's philosophy. GerrityStone is an industry leader in green practices, providing education on LEED certification, as well as continually reducing its own ecological footprint and promoting green initiatives in the Boston area through its "Green Team," an employee volunteer program.
